Appointments information - BUYERS

Information on Pre-Scheduled Appointments

Registered buyers will receive a list of sellers which meet their requirements (indicated in workshop registration form) two weeks before the workshop. They should select from the list, the companies to whom they would like to meet, ranking them in order of preferences (online system on the website will also be available).

On-site Appointments

Buyers and sellers will have an additional possibility to arrange the appointments personally during the second day of workshop.

Such opportunity offers buyers and sellers the flexibility of making appointments with exhibitors or buyers they wish to see at the last minute or with whom they have not been successfully matched.
