

Bridging the Distance !

Dear Buyers/Investors/Tour operators,

On behalf of the organizer of 1st Indonesia Expo in Central and East Europe (1st IE-CEE), I would like to invite You to participate in the biggest and first ever Indonesia Expo in Europe that will be held in Warsaw, on May 7-10, 2008. By means of 1st IE-CEE, we would like to increase in a significant way Indonesian exports of main national products, strengthen investment cooperation as well as encourage tourist interest, from all over Europe, and in particular from countries in the region of Central and Eastern Europe, but also in Europe generally.

The 1st IE-CEE--called "*Bridging the Distance*" - is meant to bring closer the markets in Europe and in Indonesia. With that program of promotion, we intend to help businessmen and agencies of national enterprises to penetrate European markets that are developing very fast, facing our competitors at the same time. The 1st IE-CEE is a program that in an active, sustainable and strategic way will create networking between Indonesian producers and businessmen with European partners: potential buyers/ distributors, investors and tour operators.

Indonesia with its population of 250 million, the largest ASEAN member countries' economy with 6-7 % GDP growth and a rapidly developing economy seeks further investments and economic cooperation with new partners in Europe, whose countries have achieved immense successes in their economic and social development. Indonesia is optimistic that it can attain a considerable growth in the economic and tourist sectors. We welcome You to our event to take opportunities to see the very best of

Indonesian products from ± 1000 companies and to meet your Indonesian counterparts. “Welcome - Selamat Datang.”
